

Single phase breaker factory in America

Overview

Distributor of reclosers and circuit breakers for telecommunications, renewable energy, military, oil, and gas industries. Single or three-phase load break switches are provided.

Distributor of reclosers and circuit breakers for telecommunications, renewable energy, military, oil, and gas industries. Single or three-phase load break switches are provided.

At Climate Week NYC, Hitachi Energy announced plans to invest an additional \$155 million USD to expand its manufacturing capacity in North America. This includes the construction of a new distribution transformer factory in Reynosa, Mexico, and expansions to its transformer factory in South Boston.

Distributor of reclosers and circuit breakers for telecommunications, renewable energy, military, oil, and gas industries. Single or three-phase load break switches are provided. Some products are available in 15.5 to 72.5 kV, 1,200 to 2,000 A, -40 to 65 degrees F operating temperature, and 120 or.

RALEIGH, NC—Hitachi Energy will invest \$155 million to expand manufacturing capacity across three plants in North America. The plans include \$25 million to expand Hitachi's Virginia transformer factory, \$60 million to expand its Pennsylvania high-voltage switchgear and breakers factory, and \$70.

USA/Mexico: Hitachi Energy has announced plans to invest \$155 million to expand its manufacturing capacity in North America. This includes the construction of a distribution transformer factory in Reynosa, Mexico, expansions to its transformer factory in South Boston, Virginia, and its high-voltage.

The company plans to expand its high-voltage switchgear and breakers factory in Mount Pleasant, Pennsylvania, a distribution, power, and traction transformer factory in South Boston, Virginia, and to build a distribution transformer factory in Mexico. Hitachi Energy announced plans to invest \$155.

Hitachi Energy intends to invest an additional \$155 million into its manufacturing operations in North America. This strategic initiative encompasses the establishment of a new distribution transformer factory in Reynosa, Mexico, as well

as the expansion of current facilities located in South.
