It actually puts out more air than my larger fan does. The tilt feature also helps direct air where you need it most. It does have an AC adapter with it, but also runs off of batteries so you can use it in areas where you don't have access to power. With moderate use and brand name batteries, it.

This powerful 10-inch fan has 9-inch blades and 2 speed settings to keep you cool on the go and circulate air inside a truck cab or other vehicle. (Housing measures approximately 12 x 3.5 x 13 inches). The 12-volt plug and 6-foot power cord allows you to power the fan in your vehicle or it can be.
