

# Solar and energy storage sales

## Overview

---

Who is California Solar & Storage Association?

Contact us. The California Solar & Storage Association (CALSSA) is the state's largest clean energy business group with over 700 member companies representing an array of businesses that manufacture, design, install, finance and provide other resources to the growing local solar and storage market in California.

Are solar & storage prices at a new All-Time Low?

S FROM OUR 20TH MARKETPLACE REPORT: Residential solar and storage prices both reach new all-time lows Solar prices dropped for the third six-month period in a row, hitting \$2.50 per watt, the lowest median quoted price since we began tracking data in 2014. Quoted storage prices also fell, setting a new record.

Where does EnergySage solar data come from?

EnergySage solar data comes from its online marketplace that connects thousands of solar shoppers with hundreds of solar installers every day. An unparalleled data set. EnergySage collects millions of data points per week regarding the market dynamics of the U.S. solar industry.

What data does EnergySage collect?

EnergySage collects millions of data points per week regarding the market dynamics of the U.S. solar industry. There is no other source of information that can provide as comprehensive coverage of consumer shopping behavior, solar installation pricing, and solar financing data trends as EnergySage.
