At Pomega Energy Storage Technologies, we leverage our cutting-edge chemistry and technical R&D team to develop innovative energy storage solutions and high-performance lithium iron phosphate (LFP) battery cells. Our research and development efforts, driven by our vision to be an industry leader.

Batkon team develops application specific Battery Management Systems (BMS) hardware and embedded software. Our BMS products are used in micromobility such as Mini BEV, e-Forklift, transpalet, drone, e-scooter. We also designed and produce Modular High Voltage BMS for Battery Energy Storage Systems.

Pomega Enerji Depolama Teknolojileri ("Pomega") is a subsidiary of Kontrolmatik

and is currently in the investment phase of a Lithium Iron Phosphate ("LFP") based battery cell production facility in Turkey. It is envisaged that the final investment . Orbit is an Engineering & Construction company.
