

Solar container lithium battery inverter 12v24v universal 3000w

Overview

What is a litime 24V 3000W inverter charger?

LiTime 24V 3000W inverter charger integrates a solar charge controller (MPPT), a pure sine wave inverter, and a battery charger into one unit. This simplifies wiring, reduces installation space, and enables seamless switching between solar, grid, and battery sources—ideal for backup power systems.

What is a 3000W solar inverter battery charger?

With 3000W rated power, 9000W surge power, 90% efficiency, dual cooling fans, and LCD monitoring, it's the smart choice for stable, high-demand off-grid or backup systems. LiTime 24V 3000W solar inverter battery charger delivers up to 60A solar charge, 50A AC-DC charge, and 3000W pure sine wave output—all in one unit with 110A max shared current.

What is a litime solar inverter charger?

LiTime all-in-one solar inverter charger streamlines your system with fewer components and cables. It frees up wall space, simplifies installation, and makes your power system cleaner, safer, and easier to manage. Stay informed at a glance with a built-in LCD screen that shows instant input/output, battery status, and load info.

Are 3000W solar inverters good for off-grid applications?

While 3000W inverters are excellent for off-grid applications, a professionally designed grid-tied solar system can eliminate your electricity bills entirely while providing the backup power you need.

Solar container lithium battery inverter 12v24v universal 3000w

SunGoldPower Solar Kit 3000W 24V Inverter 120V Output + Lithium Battery

Combining a powerful 3000W pure sine wave inverter, a high-capacity 5.12kWh LiFePO4 lithium battery, and an 800W monocrystalline solar panel array, this kit delivers clean and stable 120V ...
