

Solar glass price yuan ton

Overview

The price rose from 2,200 yuan/ton to 3,200 yuan/ton in just one month. At the same time, since the third quarter, module production schedules have increased. The monthly output exceeded 50GW, and the cost and demand support were strong.

The price rose from 2,200 yuan/ton to 3,200 yuan/ton in just one month. At the same time, since the third quarter, module production schedules have increased. The monthly output exceeded 50GW, and the cost and demand support were strong.

Solar glass prices continued to climb this week, with 2.0 mm sheets rising 8% to CNY 13.5 (\$1.85) per square meter and 3.2 mm sheets up 9.8% to CNY 22.5, according to the China Nonferrous Metals Industry Association (CNMIA). The CNMIA's silicon branch said photovoltaic glass prices rose again this.

[SMM Silicon-Based PV Morning Meeting Minutes] Polysilicon: The quoted price for polysilicon N-type recharging polysilicon is 50-55 yuan/kg, granular polysilicon is quoted at 49-51 yuan/kg, and the polysilicon price index stands at 52.35 yuan/kg. Following the emergence of previous high market.

The glass capacity in 2021, 2022, and 2023 was 46,000, 81,000, and 105,000 tons, with a year-on-year increase of 35+%, 70+%, and 30+%. As of now, the domestic glass capacity is about 99,000 tons, plus 5,850 tons overseas. In Q1 2024, the industry added 3,100 tons of new capacity and 650 tons of.

To understand the answer to this question, look at the graph above. The upper line shows the annual blended solar glass pricing, or ASP, weighted across 2mm and 3.2mm glass thicknesses, but dominated by 2mm today. This ASP is derived from amalgamating the specific solar glass revenues and shipments.

The Calendar Year 2025 started off on a mixed note for the TaiyangNews PV Price Index, with 3 products registering price increases and the same number seeing declines Polysilicon prices were flat Week-on-Week (WoW) from CW52/2024. The n-type 210R wafer prices were up 4.2% WoW in Calendar Week.

China's photovoltaic (PV) glass market has recently witnessed a further expansion

in the supply-demand gap, leading to downward pressure on prices. As of June 6, the mainstream transaction price for 2.0mm coated PV glass stood at around CNY 12.5 yuan per square meter, marking a 3.85% month-on-month.
