

Solar power station in China in Croatia

Overview

The project, located in Korlat, a small settlement within the city of Benkovac in Zadar County, will be constructed by a Chinese consortium, consisting of China's Norinco International Cooperation Ltd. (Norinco International) and the Shandong Electric Power Engineering Consulting.

The project, located in Korlat, a small settlement within the city of Benkovac in Zadar County, will be constructed by a Chinese consortium, consisting of China's Norinco International Cooperation Ltd. (Norinco International) and the Shandong Electric Power Engineering Consulting.

The consortium of two Chinese companies has been selected for the construction and commissioning of the Korlat photovoltaic power plant, with the project set for completion by April 23, 2028. HEP has already secured a €31.6 million loan from the European Bank for Reconstruction and Development.

Croatian Prime Minister Andrej Plenkovic (2nd R, Front) and Chinese Ambassador to Croatia Qi Qianjin (2nd L, Front) visit the construction site of the Korlat solar project in Korlat, Croatia, on May 15, 2025. The groundbreaking ceremony for Croatia's largest photovoltaic power project, to be.

A transformative energy project in Croatia's Dalmatian region aims to harness the sun and wind, promising cleaner, greener power for thousands of households. In a significant leap for Croatia's renewable energy ambitions, a consortium of two Chinese companies has been awarded the contract to build.

BENKOVAC, Croatia, May 19 (Xinhua) -- The mayor of Benkovac, home to the largest solar power plant in Croatia, has praised the Korlat photovoltaic project as an important step in promoting local green development, creating job opportunities, and strengthening bilateral ties between Croatia and.

The Korlat solar power plant in Croatia will be constructed by Chinese companies SDEPCI and Norinco International. Its nameplate capacity would be 99 MW, with a grid connection of 75 MW. The European Bank for Reconstruction and Development (EBRD) said it awarded the contract for the installation of.

Croatia has embarked on a significant renewable energy project, with the

groundbreaking ceremony for the Korlat solar project held on May 15, 2025. The project, located in Korlat, a small settlement in Zadar County, will be constructed by a Chinese consortium consisting of Norinco International.
