CAPE TOWN, South Africa, Dec. 16, 2024 /PRNewswire/ -- Envision Energy, a world leader in renewable energy solutions, proudly announces a contract with the EDF Group, to supply three battery energy storage systems (BESS) for the Oasis 1 cluster of projects, amounting to 257 MW of capacity and 1028.

The project serves as a model for enhancing grid performance and alleviating power shortages across Africa, marking a significant milestone in the continent's transition toward efficient and sustainable energy development. Recently, the launch ceremony for Africa's largest standalone battery energy.

Envision Energy has scored a contract with EDF, to supply 257MW of battery energy storage systems (BESS) capacity in South Africa. The capacity comprises three BESS for the Oasis 1 cluster of projects, amounting to 1028MWh of storage. This contract positions Envision Energy as the first energy.

According to the report, Scatec, a Norwegian renewable energy company, has unveiled the Kenhardt solar farm in the Northern Cape, boasting a capacity of 540 MW. This project, featuring 225 MW of battery storage and a total storage capacity of 1.1 GWh, ranks among the largest hybrid power.

Envision is the first energy storage system supplier in the region to secure a GWh-scale order. The initiative will significantly enhance South Africa's power infrastructure, alleviating grid congestion and increasing renewable energy integration. Credit: The Desert Photo/Shutterstock. Envision.
