

# Swedish low power uninterruptible power supply

## Overview

---

Find a huge range of UPS - Uninterruptible Power Supplies at Farnell Sweden.

Find a huge range of UPS - Uninterruptible Power Supplies at Farnell Sweden.

The move and closing of the Elfa Distrelec website are expected to be completed in Q1, and we'll contact you with more information soon. Uninterruptible Power Supplies (UPS) provide domestic and commercial customers with battery backup for their electronic devices, protecting against power surges.

Do you work with critical processes which requires continuous power supply without interruptions?

When it simply has to work and full availability is required, we have the solution for you. Our Uninterruptible Power systems eliminates dangerous down time and secure critical functions. We offer you.

Both in 24/7 production facilities and applications with the highest safety requirements as well, as in the field of simple applications in serial machine construction, three decisive factors are particularly important in terms of cost-effectiveness: plant availability, maintenance costs and energy.

Find a huge range of UPS - Uninterruptible Power Supplies at Farnell Sweden. We stock a large selection of UPS - Uninterruptible Power Supplies, including new and most popular products from the world's top manufacturers including: Apc, Siemens, Phoenix Contact, Ea Elektro-automatik & Schneider.

An uninterruptible power supply (UPS) or uninterruptible power source is an electrical apparatus that provides emergency power to a load when the input power source or mains power fails. A UPS differs from an auxiliary or emergency power system or standby generator in that it will provide.

HPE Line Interactive Tower Uninterruptible Power Systems deliver clean power with an advanced battery management capability. Computing environments are expected to deal with the frequencies and severities of power outages, increased power demands from the public and private cloud, software as a.
