

Tashkent solar panel aluminum frame manufacturer

Overview

Who makes a solar panel aluminum frame?

Wellste Aluminum has manufactured and supplied solar panel aluminum frame for over 20 years. 30 engineers, 10 years of aluminum industry working experience can offer you the best solution for your solar panel and solar system project.

What is the best surface finish for aluminum solar panels?

The most common aluminum alloy that many manufacturers use is the 6063T5. 6063T5 is the best choice because it has high tensile strength and is resistant to corrosion. Apart from that 6063T5 is light in weight, easy to machine, and saves you a lot on the extrusion process. Which Surface Finishes can be applied on Aluminum Solar Panel Frame?

.

What is the production time of aluminum profile for solar panel?

Production time of Aluminum Profile For Solar Panel: 25-30days after the deposit is received and samples are confirmed. Traditionally, steel has been the metal of choice for large commercial projects, and for good reason. Steel is abundant and easy to purchase.

Why is aluminum used in large power solar station project?

Aluminum is becoming more and more widely used in large power solar station project because of its cost and advantages over other material. They play an important role in solar panel modular.

Tashkent solar panel aluminum frame manufacturer

Solar Frame Manufacturer in China

Our company makes a total investment of RMB 70 million, covers an area of 30,000 square meters and owns a modern plant and informationized office environment. We specialize in ...
