

Uninterruptible Power Supply Wholesale in North Africa

Overview

What is an industrial uninterruptible power supply system?

Industrial uninterruptible power supply systems (UPS Systems) include core technologies to cover industrial equipment. Our systems offer applications ranging from a few hundred watts to massive Multi-Mega Watt Parallel UPS installs inclusive of voltage regulations, voltage correction, sag correction, surge suppression and harmonic mitigation.

Why should you choose Riello & pureline ups in Africa?

Along with internationally renowned Riello and Pureline state of the art UPS, STS, ATS and voltage regulator systems with ELITE batteries, give any UPS user in Africa, peace of mind and a trouble-free emergency power backup solutions with product guarantee options of up to 5 years.

What happens if a power supply goes out?

In the event of a power outage, an uninterruptible power supply will provide you with enough time to save your work on your PC and shut your system down orderly. The alternative will be to have larger battery banks to provide up to 12 hours of battery backup.

What are in-line surge protectors?

Our in-line surge protectors are suitable for all surge protection including mains, modems, TVs, CCTVs, PABXs, satellite, etc. Automatic voltage stabilizer also known as AVS, is a voltage regulator or stabilizer which is an electrically controlled device designed to maintain specific voltage levels automatically.
