

Vienna carport solar panel manufacturer

Overview

Parasol designs, manufactures and installs elegant, high-performance solar structures for parking facilities.

Parasol designs, manufactures and installs elegant, high-performance solar structures for parking facilities.

The company specializes in timber construction and offers carport manufacturing among its services. The company highlights its expertise in creating stylish and valuable design products, including their featured carport, which offers a protected space for vehicles against the elements. Their.

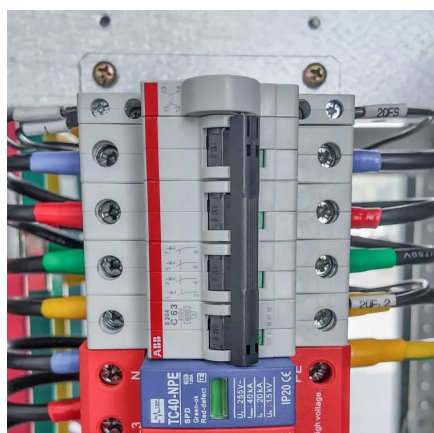

With Austria's largest PV carport systems from VERBUND at the Styrian Magna Powertrain facilities in Lannach and Ilz, the company is setting new standards for the energy and mobility transition. The official initial operation of the facilities at the end of November marked a significant step.

Austria has two new largest solar carports, both of which were handled by our teams. The projects, with a combined total capacity of 4.67 MWp, were delivered by us on an EPC basis for Austria's largest energy company Verbund and now rank as the first and third largest projects of their kind in the.

All Parasol products are manufactured in the USA, using US steel and iron. Parasol carports and canopies are solar structures with a purpose. Our systems generate a lifetime of clean energy, while providing welcome shelter from the elements. Parasol products can accommodate any solar panel, for any.
