What is potential EU tender information?

This stage is considered Potential EU Tender Information, One EU Project have potential of inviting several EU Tenders of various natures and of various industry segments, so it is important for any EU Company to necessarily track EU Projects and start their Pre-Sales, Liaison activities to attempt the EU Bid when it is invited in future.

How many combinations of technology-neutral tenders are there in Europe?

Besides those seven other combinations of technologies like wind and hydro power in Austria or hydro power and residual gases in Italy (see Table 10). Including all iterations, the 12 MCs reported 23 combinations of technology-neutral tenders which is shown in Table 11. 8 2nd CEER Paper on Tendering Procedures for RES in Europe, page 38.

Are technology-neutral tenders easier to implement?

The report covers technology-neutral tenders which were introduced between 2017 (Hungary) and 2022 (Austria). The last report highlighted that: “Looking at the data provided, a joint tender for onshore wind and PV seems to be easier to implement than other types of technology-neutral tenders.
