Established in 2024, Kom-Solar specializes in designing and delivering customized solar and energy storage systems for commercial and industrial clients across Botswana. Our mission is to lead Botswana's energy transition through scalable, cost-effective, and forward-thinking renewable solutions.

Enter energy storage containers – the game-changing solution turning "load shedding" into yesterday's news. Think of these as LEGO blocks for power solutions – modular, scalable, and surprisingly mobile. A typical 40ft container might store 2-4 MWh, enough to power 500 homes for a day. But what's.

As a proudly citizen-owned company, Solarpro Energy delivers solar solutions built for our local conditions. With deep understanding of Botswana's energy needs, we provide reliable, efficient, and sustainable systems designed to empower homes, farms, and businesses across the country. Let's build a.
