

Which companies have energy battery cabinets in Hungary

Overview

What are the top 10 battery manufacturers in Hungary in 2025?

This article introduces the top 10 battery manufacturers in Hungary in 2025 such as; CATL, Sunwoda, BYD, EVE Energy, CALB, SK On, Samsung, SDI, GS Yuasa, Inzi Controls, Huayou Cobalt. Last Updated on June 12, 2025.

Does Samsung have a battery factory in Hungary?

Samsung SDI, the battery manufacturing arm of Samsung, is expanding its presence in Hungary to meet the growing demand for electric vehicle (EV) batteries. The company is currently expanding its second battery factory in the country, with completion expected by September 2024.

Who are SK Group & Huizhou EVE Energy?

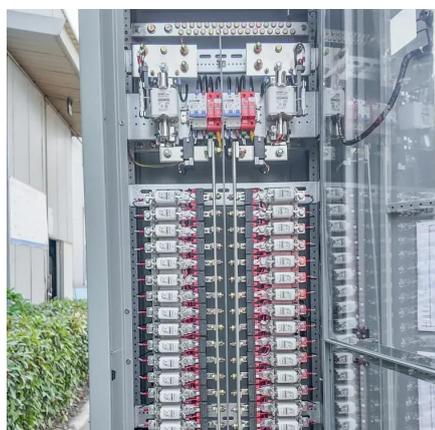

Established in June 2019, this joint venture between SK Group and Huizhou Eve Energy Co., Ltd. combines two industry giants. With \$1.217 billion in registered capital and a \$2.01 billion investment, it has built two advanced EV battery production bases spanning 605 acres with a 27GWh capacity.

Why is CATL a good battery company?

CATL is one of the biggest battery companies in the world and has the largest market share, especially in Asia. They makes batteries for many industries, including mining, construction, and transportation. It also helps develop electric vehicle (EV) infrastructure and supports cleaner energy for ports.
