For home or business, save 30% with a solar tax credit. Where to buy wholesale solar panels?

If you are looking for a place to buy wholesale solar panels, you've found it. A1 SolarStore offers PV modules from all over the world for competitive prices and with fast delivery. Let us tell you a little about the panels that we offer, how we deliver them and what kind of solar panel you might need.

Why should you buy bulk solar panels by the pallet?

Unlock incredible savings with our bulk solar panels by the pallet. Whether you're a solar installer, a commercial developer, or an avid DIY enthusiast, our pallet deals offer unbeatable value and convenience. With a large quantity of high-quality solar panels at your disposal, you can tackle projects of any scale with ease.

Why should you buy solar panels wholesale?

Solar panels can be very different in terms of cost, and several factors impact the final price, such as wattage, brand, type of panel, warranties, etc. Whatever brand you pick, its solar panel wholesale price is lower than retail, so you end up saving a lot.

How big are solar panels?

They often have 66/132 cells and their dimensions vary from 39 x 71 to 39 x 77 inches. The majority of home solar systems are installed on the roof. It's only natural: homeowners rarely use roof space for anything else. Larger systems are often ground-based, since massive energy production with powerful wholesale solar panels is a priority.
