

Wholesale substation breaker in Sydney

Overview

Which substations do you deliver in Greenfield and brownfield applications?

We deliver substations up to 500kV in both greenfield and brownfield applications. Our equipment installation includes power and instrument transformers, indoor and outdoor switchgear, disconnectors, earth switches, capacitors, reactors, static var compensators, synchronous condensers, and resistors.

Who is Australian power equipment?

Australian Power Equipment supply high voltage equipment to industries throughout Australia. We are the Agents for Untel, B&D, Leistung, & others and can fulfil orders for new equipment, for sale or hire. We have an extensive Inventory of stock available for immediate sale or hire. We can source critical equipment quickly.

Who sponsors Australian power equipment?

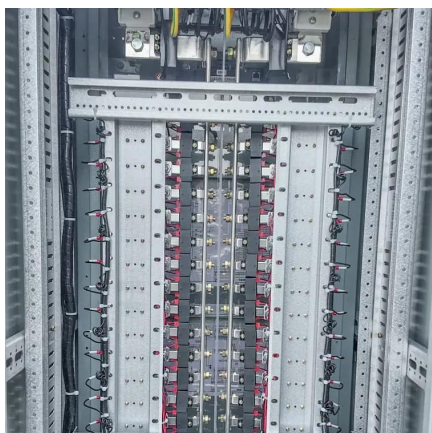

Australian Power Equipment proudly sponsors & partners with organisations such as Aussie Ark . see more of our sponsorships here. ©2020 by Australian Power Equipment. Australian Power Equipment provide supply low, medium and high voltage equipment to clients across the Power Generation, Infrastructure and Resources industry.

Where are our switchgears made?

Our growing capability encompasses an extensive range of switchgear for substations, overhead distribution and underground cables. Our core range is locally manufactured at one of our three Australian facilities. This range is augmented by our single-source partner Sieyuan Electric in China to provide additional voltages and technical solutions.
