The Biden Administration today put imported bifacial solar panels back under Sec. 201 tariffs, after the specialty solar panels enjoyed a two-year exemption from extra duties first initiated by President Biden in 2022. This decision is part of the President's sole right to make changes to.

The purpose of this message is to provide guidance to modify the Section 201 action by revoking the exclusion of bifacial panels and applying the safeguard tariff to bifacial panels. On June 21, 2024, the President issued Proclamation 10779; A Proclamation To Further Facilitate Positive Adjustment.

President Biden issued Proclamation 10779 on June 21, 2024 removing the exemption from Section 201 duties on solar cells for 'bifacial solar panels' that are imported on or after June 26, at 12:01 a.m. EDT due to surges in imports in recent years. Since no longer exempt, bifacial solar cells would.

An exemption for bifacial solar panels from Section 201 tariffs in the US has been reinstated after a decision passed down by the US Court of International Trade (CIT). The judgement, published today, means that as of now bifacial solar modules can be imported to the US free of punitive tariffs.

On June 21, 2024, President Biden issued Proclamation 10779, ending the exemption from Section 201 duties on bifacial solar panels imported on or after June 26 at 12:01 a.m. EDT. With the exemption removed, bifacial solar cells/panels will now be subject to Section 201 duties. The affected solar.

The exclusion from solar safeguard tariffs for bifacial solar panels -- originally

meant to help utility-scale installations -- is about to end, the Biden administration announced May 16. If your job depends on informed compliance, you need International Trade Today. Delivered every business day.
